

Voyager

Voyager Wireless Backup Camera (WVSXS43)

The Voyager WVSXS43 features a single-camera system which includes a 4.3-inch wireless LCD monitor and wireless rear camera. WiSight® 2.0 technology digitally locks the camera to the monitor and blocks all outside signals. This eliminates interference and noise typical of analog wireless systems and delivers a sharp, vivid picture of the vehicle's surroundings to the monitor.

- Strong signal transmits through and around objects up to 60 feet away
- Bright 4.3" display
- High-performance color optics
- Wide viewing angle
- Waterproof

Installed Cost: **\$1050**
